

# NATIVE SUMMER FORAGE FOR BEEF AND BOBS

**July 18, 2017**  
**5:30 pm – 8:00 pm**

Tim Willis' Farm  
900 John Randolph Lane  
Randolph, VA 23962

(Meet at the White Barn across from low grounds)

**For all farmers and landowners in the region to attend and learn about the benefits of using native summer forages for both grazing and wildlife habitat.**

- **Why did Tim decide to establish these grasses years ago?**
- **How to establish native summer forages**
  - Species and variety considerations
  - Site prep and planting recommendations
- **Tim's experience keeping the stands healthy and productive**
  - Grazing management and summer productivity
  - Managing soil fertility and brush control
- **A new program offers a great opportunity for you to establish native grasses**
  - Learn more here about the 2018 Working Lands for Wildlife program

**Featured Speaker:**  
**Dr. Pat Keyser, Professor and Director of the Center  
for Native Grasslands Management**  
<http://nativegrasses.utk.edu/>

This event is funded in part by the Lake Country Chapter of Quail Forever.
